

Our mission...

is to educate the citizens of Monmouth County through interesting and informative horticultural presentations.

Our goal...

is to encourage Monmouth County residents to enjoy some form of gardening and have a deep appreciation of nature.

Raising awareness in our community ensures Monmouth County continues to be a beautiful and environmentally green place to live and work.

Our speakers...

are certified Master Gardeners who have been trained by Rutgers Cooperative Extension.

Our clients...

are clubs, groups, and organizations based in Monmouth County

Our policies...

- We require one month's advance notice to schedule a speaking engagement
- Two speaking engagements are allowed per year per client
- Our presentations are free of charge, but an honorarium is greatly appreciated

Our presentations...

are intended for adults and cover a wide range of nature-related, environmental, and horticultural topics. Several different presentations are available for some topics.

New topics and presentations are always being developed, so please contact us if you don't see a topic that meets your needs

We want to hear from you

Thank you for your interest in learning more about nature, horticulture, and the environment.

We would love to hear from you to schedule a speaking engagement!
